

#IBEW77 MUTUAL AID

RECENTLY, GRAYS HARBOR PUD CREWS RECEIVED A NATIONAL COMMENDATION FOR MUTUAL AID RESPONSE FROM THE AMERICAN PUBLIC POWER ASSOCIATION FOR SUPPORT IN RESTORATION EFFORTS IN CLARK COUNTY FOLLOWING THE PRESIDENT'S DAY WEEKEND ICE STORM, 2021.

After working for nearly two days to restore power to almost 10,000 Grays Harbor PUD customers impacted by freezing rain, snow, and ice, two volunteer Grays Harbor crews were dispatched to the area north of Vancouver, Washington following a request for mutual aid from Clark Public Utilities. For two days, the Grays Harbor crews assisted Clark crews with restoration efforts related to the same storm, which knocked power out to 50,000 customers.

*Thank you IBEW LU77 Line Crews!*
