On 4/16/2021, at Lewis Co. PUD's Chehalis Operations, the 1st quarter "You Rock" award was presented to IBEW LU77 members Todd Jensen, Chad Sahlin, Kenneth Harmanson, Jerrod Gale, and Kaelin Jurek.

The "You Rock" awards are given to Lewis Co. PUD employees who go above and beyond their professional duties and perform their jobs with excellence. In late January, the crew was traveling to a job site when they were flagged down by a bystander at Military and McGlaughlin Road. It was pointed out that there was a car flipped over on its top in the ditch with a person trapped inside. The crew assessed the situation and discovered the person's arm was pinned underneath the vehicle. They setup the line truck and lifted the car just enough to get the person's arm free. The crew then stabilized the person until emergency responders arrived on scene. For their act of service and going above and beyond their professional duties, Lewis Co. PUD presented them with the "You Rock" award. Congratulations!
